FUNCTIONS AT THE BRIDGEWATER INN

Nestled in the heart of the Adelaide Hills, approximately 25 minutes from the Adelaide CBD and just minutes from both Stirling and Hahndorf, stands The Bridgewater Inn. Steeped with history and beautifully aged by time, this old building and its magnificent natural surroundings is the perfect place to host your special event. We cater for all types of functions including weddings, engagement parties, hen's and buck's shows, birthdays, meetings and various other group gatherings.

There are two levels to the interior of the hotel. On the upper level is the Main Bar with fire places, pool tables, TAB and a separate gaming area. Downstairs is the Cellar Restaurant with a fire place and several alcove rooms that can seat various sized groups. During the winter months the fire and candles are lit to make for a cosy dining experience. At the back of the building is the eye catching two-level Beer Garden. The upper level, just outside of the restaurant, is cobblestoned and covered by trellised vines. The lower level is adjacent to Cox's Creek. Either garden area, with their natural green back-drop and tranquil surroundings, is the perfect setting for any type of event.

In the following pages you will find our Wedding and Function information. We are committed to helping you plan your function and endeavour to make it as easy and special as you would anticipate. Our friendly floor staff will make sure your guests are well looked after and the kitchen team guarantees you will leave impressed and pleased that you chose the Bridgewater Inn.

To arrange a time to meet with our Functions Coordinator, please phone (08) 8339 1151 ext. 1 alternatively you can email your enquiries to Functions@Bridgewaterinn.com.au.

We are very much looking forward to providing you with an enjoyable function experience.

Kind Regards,

The Bridgewater Inn

VENUE OPTIONS

The Bridgewater Inn has four areas, each with different attributes, to choose from for your event. Each area comes with a hire fee for exclusivity of your function if preferred, except for the Main Bar where exclusivity is not available. This fee is negotiable depending on the requirements of your function. There is a minimum spend for each area which is subject to the day and time of year of your proposed function.

The Main Bar, on the upper level of the hotel, has a large open area with pool tables and a shaded and heated deck. This is a great space for 18th birthdays, buck's shows or groups looking for a more casual setting. There is often a DJ on Friday nights and a band on Sunday afternoons. The Main Bar is less formal than the Cellar Restaurant and Garden and can sit up to 120 people. Exclusivity in this area is not available.

The Cellar Restaurant seats up to 100 people inside. A maximum of 50 people can be seated in the main area of the restaurant near the bar and fire place. There are several alcove rooms which seat up to 12 people and one other room that can seat up to 30 people. The restaurant makes a cosy and intimate setting for any type of function during the colder months.

The Beer Garden is composed of two levels that are considered individual areas but can both be hired if garden exclusivity is preferred. The upper level, adjacent to the restaurant, can seat up to 120 people. With its vine canopy, stage decking and view of the creek, this area allows guests to dine amongst picturesque surroundings. There is an outdoor bar with modified drink options that can be requested for use and the location provides easy access to the inside bar, bathrooms and disability friendly parking lot.

The Creek level Beer Garden can seat up to 100 people. Just a short flight of stairs and you are dining under the shade of an old tree and watching the creek flow by. To the side of the brick floor dining area is a grassy patch, perfect for setting up a mobile, limited drink option bar. There is a small dirt path leading to the parking lot for those guests who are uncomfortable using the stairs.

A visit to the Bridgewater Inn is recommended as words cannot accurately describe how truly beautiful it is. Our function coordinator will show you around the property and discuss the different options available for your particular event.
